Key Professionals INVOLVED IN A REAL ESTATE TRANSACTION

Knowledgeable, customer-focused professionals are available to answer your title and settlement questions. Throughout the home buying and selling process, you may also encounter the following industry specialists who are able to professionally answer questions in their area of expertise.

REAL ESTATE AGENT

Licensed by the state to represent parties in the transfer of property. Every REALTOR® is a real estate agent, but not every real estate agent has the professional designation of a REALTOR®.

HOME INSPECTOR

Objectively and independently provides a comprehensive analysis of a home's major systems and components.

LOAN OFFICER/LENDER

A representative of a bank or other financial institution. They help customers identify their borrowing options, understand the terms of their loan, and are responsible for providing the Closing Disclosure to the borrower.

APPRAISER

Works on behalf of a lender and provides a market analysis of the subject property. An appraiser's finding is subjective and combined with market findings of sold properties within the surrounding neighborhood.

INSURANCE AGENT

Helps a home buyer determine the homeowners protection coverage needed and finds the right homeowners insurance policy to fit those needs.

LISTING AGENT

A listing agent or broker forms a legal relationship with the homeowner to sell the property.

CLOSING/SETTLEMENT/TITLE

Performs title searches to ensure a clear title so a title insurance policy can be issued. In some states, they facilitate the transfer of real estate.

REAL ESTATE ATTORNEY

Can give advice on all legal aspects of the real estate transaction. Additionally, they are able to draft and review contracts, help decide how to take title and assist with the closing process. In some states, real estate closings can only be conducted by attorneys.

ESCROW/CLOSING OFFICER

A non-biased third party who works with all participants to facilitate a successful closing of a real estate transaction. At closing, the closing officer will collect the purchase money funds from the buyer and lender as well as the settlement costs from each party. They disburse the funds in accordance with the closing documents and record the necessary documents to transfer ownership of the property.

REALTOR®

A REALTOR® is a licensed real estate agent and a member of the NATIONAL ASSOCIATION OF REALTORS®, a real estate trade association. REALTORS® also belong to their state and local ASSOCIATION OF REALTORS®.

Real Estate TERMINOLOGY

Adjustable-rate mortgage (ARM):

A mortgage loan with an interest rate that can change throughout the loan's lifetime.

Closing Costs:

The fees associated with finalizing a real estate transaction. Both the buyer and seller will have expenses during the closing process. Closing costs normally include an application fee, inspection fees, homeowner's insurance, property taxes and the agents' commission.

Debt-to-income ratio:

A percentage that helps lenders calculate the risk associated with giving out a loan to a borrower. It is the total of all monthly debt payments divided by monthly gross income.

Fixed-rate mortgage:

A home loan with an interest rate that stays the same throughout the loan's lifetime.

Open listing:

A situation in which a property owner chooses to sell their home on their own. There is no exclusive agreement, which means they can have listings with multiple agents.

Private mortgage insurance (PMI):

An insurance policy that requires payment of additional premiums that protect the lender in case the borrower goes into default.

Reverse mortgage:

A loan that allows the borrower to relinquish home equity in exchange for money. This type of loan is only available to homeowners that are 62 and older.

Title Insurance:

A type of insurance that protects the buyer and lender in case the seller does not have full lawful ownership of the property or there is a cloud on the title.

TIPS FOR MOVING WITH *Pets*

Moving to a home in a new location can be an exciting adventure, but it can also be the cause of stress and confusion for household pets. To minimize the trauma, here are a few tips that may help make your pet's transition a little easier:

- ♦ Schedule an appointment with the veterinarian for a check-up prior to moving.
 - Obtain a copy of your pet's medical history along with rabies certifications that state when and where your pet was vaccinated.
 - Make sure the supply of current medications will last until a veterinarian in your new location can be found to provide refills.
- ♦ Proper identification is essential. Be certain that any required license tags are secured properly and the contact information is current.
- ♦ Pets can become anxious with the increase of activity prior to a move. To eliminate the threat of them misbehaving or running off, consider boarding your pet during the most hectic of moving days.
- ♦ If you are moving your pet by car, be sure to take a favorite toy or two, a leash for when stops are made, and plenty of water to keep your pet hydrated.
- ♦ Requirements for the movement of pets across state lines are set by each individual state. Contact the State Veterinarian in your new location to obtain the most current information.
- ♦ Long-distance moves may require an overnight stay. People and pet-friendly accommodations can be found by searching a number of internet sites.
- ♦ Once you and your pet have arrived in your new location, allow sufficient time for the new neighborhood adjustment to be made. It could take a few days or a few weeks for your pet to adapt to their new surroundings.
- ♦ Carry a current photograph of your pet. If your pet is lost during the move, a photograph will make it much easier to search effectively.

HOME COMPARISON *Chart*

Remembering each home would appear easy, but it can quickly become confusing. Which home was near the school? Which one had the great pool? Did it have a family room? How many bathrooms? In the "Something Memorable" category, note something you think is unusual and memorable about each home, such as a stained glass window, fruit trees, a child's playhouse. This will make it easier for you to recall the property later and refer to a specific address. And, last but not least, maybe the most important question, does this house feel like home?

The following home comparison chart is designed to help you remember the homes you visit and what you liked best and least about each one. Rate features or make notes that will help you determine what pleased or displeased you.

HOME BUYING *Process*

Rent or Buy...YOU DECIDE

Purchasing a home is a big decision. Whether it's purchasing to build equity and provide a nest egg for the future or renting to have low maintenance and the flexibility to move. But, have you ever considered how much you pay in rent over an extended period of time? The amount spent is probably a lot more than you realize and could have actually been applied to a mortgage that can build equity in your own property. Have you thought about what happens to your rent money? It's gone! There's no interest, no equity, no return. To determine your home-buying ability, call your real estate agent or lender for more information.

HOW MUCH *Home* CAN YOU AFFORD?

Contact your loan officer to determine more accurately what price range you should consider. Lenders abide by certain ratios when calculating the loan amount their customers can qualify for and the ratios vary by lender and loan program. Many use 28% of your gross monthly income as the maximum allowed for your mortgage payment (principal/interest/taxes/insurance or PITI); for your total monthly debt, the ratio is 36%. Total monthly expenses means PITI plus long-term debt (such as auto loans) and revolving/credit-card debt. Do not include other expenses such as groceries, utilities, clothing, tuition, etc., to calculate this ratio.

Obtaining A NEW LOAN

WHEN AND WHERE TO APPLY FOR A LOAN?

There are many sources for home loans including banks, credit unions, mortgage companies, and mortgage brokers. You may consider asking friends and relatives or your real estate agent for recommendations. Knowing what you can afford before you begin looking may give you more bargaining power when negotiating with a seller.

WHAT IS HAZARD (OR FIRE) INSURANCE?

Hazard insurance covers the dwelling itself and may be required for your home. Your lender or real estate agent may explain the necessary hazard insurance coverage to you. If you are buying a condominium, ask if a master policy will be included with your unit.

CONTACT YOUR INSURANCE AGENT EARLY

This coverage may need to be provided so the closing/settlement agent can release loan funds to the escrow company. Order your insurance as soon as your loan is approved; then furnish your closing/settlement agent with the insurance agent's name and phone number.

When you talk with your insurance agent, ask about additional coverage in a homeowner's policy to insure your personal belongings and protect against liabilities.

WHAT HAPPENS AFTER LOAN APPROVAL?

After loan approval and prior to your planned closing date, you will receive a Closing Disclosure from your lender with details of the final loan terms and closing costs. Your closing/settlement agent may also prepare a separate Settlement Statement which indicates what funds go where and how much money you may need to bring to the closing appointment.

WHAT YOU MAY NEED FOR THE LOAN APPLICATION

Be prepared to provide some or all of these items to your loan officer.

- Addresses of residences for the last two or more years
- Social Security number
- Driver's License or other valid ID
- Names and addresses of employers for the last two or more years
- Two or more recent pay stubs showing year-to-date earnings
- Federal tax returns for the last two or more years
- W-2's for the last two or more years
- Checking and savings account statements for last two or more months
- Debt: names, addresses, account numbers, and payment amounts on all loans and credit cards
- For a VA loan, Certificate of Eligibility or DD-214s
- Divorce decree if applicable
- Letters of explanation regarding credit inquiries or special circumstances
- Funds to pay for credit report and appraisal

5 MORTGAGE CLOSING TERMS *Every* BUYER SHOULD KNOW

When the housing crisis and economic recession hit, it put many prospective home buyers' plans on hold, forcing those considering purchasing a home into the rental market. Now, as the economy continues to improve, some of those renters are looking to own.

However, there are many factors to consider when buying a home. When it comes to the closing process, it is a good idea to know the terminology that will be discussed. This can help make the situation much more comfortable and professional for all parties involved. Below are some of the terms that may be discussed during the closing process.

ANNUAL PERCENTAGE RATE (APR)

This term reflects the cost of all credit and finances as determined by the length of a year, including the interest rate, points, broker fees, and other credit charges obligated to the buyer.

PRIVATE MORTGAGE INSURANCE (PMI)

PMI is typically required if a borrower puts a down payment that's less than 20% of the home's value. The charge is usually included in the monthly mortgage payment in an attempt to protect the lender from possible default.

DOWN PAYMENT

Like many transactions involving large sums of money, the mortgage process involves a down payment - the amount a home buyer pays in order to make up the difference between the purchase price and the mortgage amount. Some experts advise no less than 10% to 15%. However, any amount over 20% of the purchase price is often recommended, and may be required to avoid having to pay for private mortgage insurance.

CLOSING COSTS

Closing costs may also be referred to as transaction costs or settlement costs and may include various fees and charges associated with finalization. These may include or be related to application fees, title examination, title insurance, property fees, as well as settlement documents and attorney charges.

LOAN ESTIMATE (LE)

The Consumer Financial Protection Bureau, or CFPB, requires your lender to issue a Loan Estimate within three business days of receiving your mortgage application. The Loan Estimate details the terms of your loans along with estimated closing costs.

What is TITLE INSURANCE

As real estate is the nation's largest market, its purchase and sale is essential to the health of the U.S. economy. However, these transactions are never without risk. That's why title insurance has been protecting American homeowners for more than 130 years.

<i>Overview</i>	When a piece of real property is financed, purchased or sold, a record of that transaction is generally filed in public archives. Likewise, other events that may affect the ownership of a property are also documented and filed. These may include liens, levies, encumbrances, etc. When a buyer purchases title insurance, the title company searches these records to find (and remedy, if possible) issues that may affect the purchaser's ownership.
<i>Title Search and Exam</i>	That's where title insurance differs from traditional insurance models. When you purchase a policy insuring you for matters relating to your car or health, the insurance company assesses the risk of insuring you, and bases its premium on the risk being assumed. With title insurance, the insurer first works to identify the status of ownership, liens and other matters affecting title by collecting documents from industry software and public records that are statutorily identified for the recording of real estate transactions. The process is called the search. Once the search is complete, the title insurance underwriter can then determine the insurability of the title and list exceptions from coverage and requirements to insure.
<i>Undiscovered Risks</i>	Of course, even the most skilled title professionals may not find all title problems. Other risks include matters that are more difficult to identify, such as title issues resulting from filing errors, forgeries, undisclosed heirs, and other unforeseen problems. That's one reason why your title insurance policy can play a key role in protecting your real estate investment.
<i>Loan Policy</i>	When you purchase a new home or other piece of real property by securing a mortgage, you may be required by your lender to purchase a Loan Policy of title insurance. This policy insures the lender against covered title defects up to the amount of insurance. This coverage in favor of the lender lasts for the life of the loan under limited circumstances stated within the policy.
<i>Owner's Policy</i>	You will also have the option of purchasing an Owner's Policy of title insurance, which provides insurance directly to the insured owner listed in the policy, and describes the type of real property interest owned. The insurance in both an owner's and a Loan Policy is subject to the policy provisions, which include the covered risks, exclusions from coverage, the conditions and the exceptions to title listed on a schedule to the policy.
<i>Premium</i>	You will pay a one-time premium for both the Loan Policy and the Owner's Policy at the close of your transaction, based on the total value of your home and the amount of your loan. This is another way in which title insurance differs from other insurance models, where premiums are paid on an ongoing basis. The purchase of a home or other real estate may be the largest financial investment you ever make. Title insurance can give you added peace of mind in knowing that the title to your investment is insured.

10 Common TITLE PROBLEMS

Have you ever wondered why you need title insurance? Your home may be new to you, but every property has a history. A thorough title search can help uncover any title defects tied to your property. And, subject to the terms of the policy, your title insurance provides protection for you from title problems that may become known after you close your transaction. Some of these common title issues are:

ERRORS IN PUBLIC RECORDS:

To err is human, but when it affects your home ownership rights, those mistakes can be devastating. Clerical or filing errors could affect the deed or survey of your property and cause undue financial strain in order to resolve them.

UNKNOWN LIENS:

Prior owners of your property may not have been meticulous bookkeepers - or bill payers. And, even though the former debt is not your own, banks or other financing companies can place liens on your property for unpaid debts even after you have closed on the sale. This is an especially worrisome issue with distressed properties.

ILLEGAL DEEDS:

While the chain of title on your property may appear perfectly sound, it's possible that a prior deed was made by an undocumented immigrant, a minor, a person of unsound mind, or one who is reported single but in actuality married. These instances may affect the enforceability of prior deeds, affecting prior (and possibly present) ownership.

MISSING HEIRS:

When a person dies, the ownership of their home may fall to their heirs, or those named within their will. However, those heirs are sometimes missing or unknown at the time of death. Other times, family members may contest the will for their own property rights. These scenarios - which can happen long after you have purchased the property - may affect your rights to the property.

UNDISCOVERED WILL:

When a property owner dies with no apparent will or heir, the state may sell his or her assets, including the home. When you purchase such a home, you assume your rights as owner. However, even years later, the deceased owner's will may come to light and your rights to the property may be seriously jeopardized.

PLAY IT SAFE

These and other issues are often covered by an Owner's Policy of title insurance. When you buy a home, make sure you're protecting that investment with title insurance.

UNDISCOVERED ENCUMBRANCES:

When it comes to owning a home, three can be a crowd. At the time of purchase, you may not know that a third party holds a claim to all or part of your property - due to a former mortgage or lien, or non-financial claims, like restrictions or covenants limiting the use of your property.

UNKNOWN EASEMENTS:

You may own your new home and its surrounding land, but an unknown easement may prohibit you from using it as you'd like, or could allow government agencies, businesses, or other parties access to all or portions of your property. While usually non-financial issues, easements can still affect your right to enjoy your property.

BOUNDARY/SURVEY DISPUTES:

You may have seen several surveys of your property prior to purchasing, however, other surveys may exist that show differing boundaries. Therefore, a neighbor or other party may be able to claim ownership to a portion of your property.

FORGERIES:

Unfortunately, we don't live in a completely honest world. Sometimes forged or fabricated documents that affect property ownership are filed within public records, obscuring the rightful ownership of the property. Once these forgeries come to light, your rights to your home may be in jeopardy.

FALSE IMPERSONATION OF PREVIOUS OWNER:

Common and similar names can make it possible to falsely "impersonate" a property owner. If you purchase a home that was once sold by a false owner, you can risk losing your legal claim to the property.

WHAT IS *Escrow*

"Escrow" is a term that describes the neutral third-party handling of funds, documents, and tasks specific to the closing (or settlement, as it is also known), as outlined on the real estate purchase agreement or sales contract. The purpose of escrow is to facilitate the transaction by managing the disbursement of funds and documents.

KEY PLAYERS

In accordance with local custom, the buyer or seller involved in the transaction will select the escrow provider, though they often defer to their real estate agent to make this decision. This provider could be an escrow company, title officer, or title/escrow attorney, depending upon many considerations, including the geographical locations of the transaction.

ROLES

The escrow provider may have a duty to arrange and/or track the requirements and contingencies outlined within the purchase contract. These might include home inspections, the purchase of homeowners insurance, the completion of negotiated repairs, and financing requirements.

PROCESS

Once all transaction contingencies are met, including the execution of all documents necessary to complete the transaction, the escrow company will disburse funds to the seller and other parties, all in accordance with the purchase agreement.

COST

The cost of escrow services is covered by the buyer or seller as determined by local custom, market conditions, or contractual agreements made within the purchase offer.

"CLOSING/CONSUMMATION"

Once all the tasks described within the sales purchase agreement have been completed and the appropriate funds are disbursed, the transaction is complete and the escrow closes.

MAIL-AWAY *Closing Tips*

As opportunities for real estate transactions expand across county and state lines, the frequency of mail-away closings is increasing. If you are involved in a closing that requires the mailing of documents, here are some tips that can help you avoid delays:

Inform your settlement agent and lender of the need to mail documents as soon as possible. This will allow them to better coordinate the document preparation and signing process.

Provide your settlement agent and lender with a physical address and the best phone number for each party involved in the transaction. Most overnight delivery services will not deliver to a P.O. Box.

Be aware that many lenders have specific closing practices that may differ from local customs. Not all lenders allow documents to be signed in advance of the closing date, and some require that the documents be signed in the presence of an attorney or at a local settlement agent's office.

Allow sufficient turnaround time for the documents to be signed. This may decrease the chances of funding delays due to errors in the signing process. In order to disburse funds on a transaction, your lender will require the original documents to be returned and in their possession. The minimum time required to send and receive documents is three business days.

PRIVATE SHOWING OPEN HOUSE *vs*

When you're buying a home, there are two ways to view a house you're interested in: open houses vs private showings.

OPEN HOUSE PROS:

- ♦ Buying a home is not a process that everyone is familiar with, especially first time home buyer's. Home buyer's often need a significant amount of guidance, tips, and advice throughout the process. Holding an open house may be beneficial, as a home buyer may see a sign or advertisement for a home that they may not have been aware was on the market.
- ♦ Open houses have a more relaxed atmosphere. You might feel more comfortable to wander around and view a home at your own pace. You also get the chance to hear other people's questions, comments, and observations. This environment may help you to come up with questions
- ♦ Open houses are great in cities with many different community choices. For example, you can visit open homes in Scottsdale, Phoenix, and Chandler to see how far your budget can go in each, what the vibe of the area is like, and if you find a community that will fulfill your needs.
- ♦ You can find out a lot about the sellers from their listing agent if you ask questions. You can ask why they're moving and figure out how motivated the sellers might be. Create a list of questions before you attend. Use open houses to your advantage!

OPEN HOUSE CONS:

- ♦ With so many people at an open house at once, you might feel like it will be off the market quickly. You have no idea who the people at the open house are and if their intention is to purchase a home. An open house might make you rush into an offer, without thinking it through all the way.
- ♦ While open houses can have a sense of a more relaxed atmosphere, sometimes agents will swarm around you the minute you enter. They will either try to sell that house to you or sign you as a client. Sometimes open houses can have moments of discomfort. Be prepared for all scenarios.
- ♦ You might be in a private conversation about how much you love the house, but the listing agent could be listening. If they hear you say how much you adore all aspects of the house or if you bring back other members of your family to view the house, you may have just lost your negotiating power.
- ♦ One of the greatest drawbacks of having an open house is the risk of break-ins and vandalizing. This type of viewing allows criminals to explore your home with little to no supervision, taking advantage of the opportunity to plan out their operations. Therefore, it is important that you consider the security issues before you host an open house.

PRIVATE SHOWING PROS:

- ♦ When you schedule a showing with your real estate agent, you can openly discuss the pros and cons of the house without offending anyone or having your words used against you. Open discussions also help your agent figure out what other houses you might be interested in based on your feedback. You can elaborate on the details that are important to you.
- ♦ With private showings, you can make the timing work for you. If typical open houses don't work in your schedule, it doesn't matter. After work on a weekday might be the best time for you. Your agent can work out the details so you can see the home when it is most convenient for you.
- ♦ Oftentimes when a buyer takes the time to schedule an appointment they are a serious buyer, unlike an open house, which may only attract nosy neighbors or looky-loos.

PRIVATE SHOWING CONS:

- ♦ Some sellers don't ever get around to private showings. They might list their home and have an open house with offers coming in right away. If you wait for a time for a private showing, you might miss the listing entirely.
- ♦ There may be some inconvenience for the seller since it is better to be out of the home during a showing. The home would also need to be in a pristine condition until you find a buyer.
- ♦ Home buyers can't just arrive at the property and be shown around, they have to make an appointment. Buyer's will also need to be pre-qualified and screened by their real estate agent.

We understand how important this transaction is to you, and we are committed to consistently providing a level of service that prepares you for this final step in your real estate transaction.

Although the settlement process can vary from state to state, here are some common items that may be required at closing to help the process go as smoothly and quickly as possible.

VALID PHOTO IDENTIFICATION

Two forms of identification are typically required at closing, including one of the following:

- ♦ Valid U.S. Driver's License or non-driver I.D.
- ♦ Valid Canadian or Mexican Driver's License issued by the Official Agency
- ♦ Current United States or Foreign Passport, Foreign Passport must have been stamped by U.S. Immigration and Naturalized Service.

HAZARD INSURANCE POLICY AND PAID RECEIPT

A hazard policy, also known as homeowner's insurance, with the lender designated as the insured holder of the mortgage, is required on most loans. Evidence of hazard insurance, including a paid receipt, must be provided prior to closing.

IF POSSIBLE, ALL PARTIES WHO HOLD TITLE TO THE PROPERTY SHOULD ATTEND THE CLOSING

State-specific laws may require the spouse of the parties in title, even though their name does not appear on the deed, to sign certain documents when obtaining a mortgage. If anyone is unable to attend closing, contact us to arrange a power of attorney or closing by mail.

WHAT HAPPENS AFTER THE

Closing

It is recommended you keep all records pertaining to your home together in a safe place, including all purchase documents, insurance, maintenance and improvements.

KEYS TO HOME

You have been supplied with a set of keys that unlocks the doors to your new home. To ensure security, change the locks upon moving in.

UTILITIES

If you have not already done so, contact the local service providers to make arrangements for electricity, gas, water, phone and cable or satellite services. While some providers may need as little notice as a day to activate your services, it's best to give them a few weeks' notice.

OWNER'S TITLE INSURANCE POLICY

You may have received a Landmark Title Owner's Policy of Title at the closing table. If this service is not available in your area, you will receive your policy by mail in the weeks following the closing.

RECORDED DEED

Once recorded in the official county records, the original deed to your home will be mailed directly to you.

LOAN PAYMENTS

At the closing, written instructions were provided with details for making your first loan payment. If you have questions about your tax and insurance escrows, please contact your closing/settlement agent.

PROPERTY TAXES

At the closing, property taxes were prorated between the buyer and the seller based on occupancy time in the home. You may not receive a tax statement for the current year on the home you buy; however, it is your obligation to make sure the taxes are paid when due. Check with your lender to find out if taxes are included with your payment and if the tax bill will be paid by the lender from escrowed funds.

FILING FOR HOMESTEAD

If the home you purchased is in a homestead state, you may be required to declare homestead or file a homestead exemption. A homestead exemption reduces the value of a home for state-tax purposes. You can check with the local county recorder's office to determine eligibility, filing requirements and deadlines.

POSTAL SERVICE

Your local Post Office can provide the necessary Change of Address forms to expedite the delivery of mail to your new home. You can speed up the process by notifying everyone who sends you mail of your new address and the date of your move. Many bills provide an area for making an address change.

DRIVER'S LICENSE, VEHICLE REGISTRATION AND INSPECTION

You are required by law to notify your state Department of Motor Vehicles (DMV) after any relocation so a new driver's license can be issued. You will also need to have your auto registration transferred to your new address and depending on your state, submit to a driving test and vehicle inspection. Check with your state DMV to determine requirements.

WHAT TO *Avoid*

DURING THE CLOSING PROCESS

1

AVOID CHANGING YOUR MARITAL STATUS:

How you hold title is affected by your marital status. Be sure to make both your lender and closing/settlement agent aware of any changes in your marital status so that documents can be prepared correctly.

2

AVOID CHANGING JOBS:

A job change may result in your loan being denied, particularly if you are taking a lower-paying position or moving into a different field. Don't think you're safe because you've received approval earlier in the process, as the lender may call your employer to re-verify your employment just prior to funding the loan.

3

AVOID SWITCHING BANKS OR MOVING YOUR MONEY TO ANOTHER INSTITUTION:

After the lender has verified your funds at one or more institutions, the money should remain there until needed for the purchase.

4

AVOID PAYING OFF EXISTING ACCOUNTS UNLESS YOUR LENDER REQUESTS IT:

If your loan officer advises you to pay off certain bills in order to qualify for the loan, follow that advice. Otherwise, leave your accounts as they are until your escrow closes.

5

AVOID MAKING ANY LARGE PURCHASES:

A major purchase that requires a withdrawal from your verified funds or increases your debt can result in your not qualifying for the loan. A lender may check your credit or re-verify funds at the last minute, so avoid purchases that could impact your loan approval.

KNOW BEFORE *You Owe*

The TILA-RESPA Integrated Disclosure (TRID) Rule from the Consumer Financial Protection Bureau (CFPB) went into effect on October 3, 2015. This initiative is designed to help consumers understand their loan options, shop for the mortgage that's best for them, and avoid costly surprises at the closing table. The new Rule not only requires new mortgage disclosure forms, it also changes the way real estate transactions are processed and closed.

NEW FORMS

LOAN ESTIMATE (LE)

- ◆ Replaces the Good Faith Estimate (GFE) and initial Truth-in-Lending Disclosure
- ◆ The LE is designed to provide disclosures that will be helpful to consumers in understanding the key features, costs and risks of the mortgage loan for which they are applying.
- ◆ The lender or mortgage broker will issue the LE.

CLOSING DISCLOSURE (CD)

- ◆ Replaces the HUD-1 Settlement Statement and final Truth-in-Lending Disclosure.
- ◆ The CD is designed to provide disclosures that will be helpful to consumers in understanding all of the costs of the transaction.
- ◆ The lender will most often provide this document to the buyer/borrower, but in some cases, may assign the responsibility to the settlement agent or title company.
- ◆ The settlement agent, not the lender, is responsible for completing and delivering the seller's side of the CD. Settlement agents may elect to prepare a separate CD for the seller.

NEW TIMING REQUIREMENTS

- ◆ The LE must be delivered or placed in the mail no later than the third business day after receiving the consumer's application.
- ◆ The CD must be provided to the consumer at least three business days prior to closing.

The real estate closing process varies around the country, but every transaction requires coordination between skilled professionals. Working closely with your real estate agent, lender and settlement agent will help the settlement process go as smoothly as possible.

ARIZONA ASSOCIATION OF REALTORS® BUYER ADVISORY

♦ Updated March 2023

RESIDENTIAL RESALE REAL ESTATE PURCHASE CONTRACT

♦ Updated October 2022

A Resource for Real Estate Consumers

Provided by the Arizona Association of REALTORS® and the Arizona Department of Real Estate

A real estate agent is vital to the purchase of real property and can provide a variety of services in locating a property, negotiating the sale, and advising the buyer.

A real estate agent is generally not qualified to discover defects or evaluate the physical condition of property; however, a real estate agent can assist a buyer in finding qualified inspectors and provide the buyer with documents and other resources containing vital information about a prospective property.

This Advisory is designed to make the purchase of real property as smooth as possible. Some of the more common issues that a buyer may decide to

investigate or verify concerning a property purchase are summarized in this Advisory. Included in this Advisory are:

1. Common documents a buyer should review;
2. Physical conditions in the property the buyer should investigate; and
3. Conditions affecting the surrounding area that the buyer should investigate.

In addition, a buyer must communicate to the real estate agents in the transaction any special concerns the buyer may have about the property or surrounding area, whether or not those issues are addressed in this Advisory.

Reminder:

This Advisory is supplemental to obtaining professional property inspections. Professional property inspections are absolutely essential: there is no practical substitute for a professional inspection as a measure to discover and investigate defects or shortcoming in a property.

Please Note:

The property may be subject to video and/or audio surveillance. Buyer should therefore exercise caution and not discuss features or pricing while in the home.

Section 1

COMMON DOCUMENTS A BUYER SHOULD REVIEW

The documents listed below may not be relevant in every transaction, nor is the list exhaustive. Unless otherwise stated, the real estate broker has not independently verified the information contained in these documents.

1 Purchase Contract

Buyers should protect themselves by taking the time to read the Arizona REALTORS® Residential Resale Real Estate Purchase Contract and understand their legal rights and obligations before they submit an offer to buy a property.

[Residential Resale Real Estate Purchase Contract](#)
(Arizona REALTORS® Residential Resale Purchase Contract)

Contingency Waivers

The Purchase Contract contains numerous contingencies, including, but not limited to, the loan contingency, the inspection contingency, and the appraisal contingency. Should a buyer elect to waive any such contingencies in conjunction with their purchase offer, adverse consequences may result that place buyer at risk of losing their Earnest Money or incurring monetary damages if buyer decides not to purchase the property after their offer is accepted. Before offering to waive any contractual contingencies, buyers should weigh the risks and consult with independent legal counsel.

2 MLS Printout

A listing is a contractual agreement between the seller and the listing broker and may authorize the broker to submit information to the Multiple Listing Service (MLS). The MLS printout is similar to an advertisement. Neither the listing agreement nor the printout is a part of the purchase contract between the buyer and seller. The information in the MLS printout was probably secured from the seller, the builder, or a governmental agency, and could be inaccurate, incomplete or an approximation. Therefore, the buyer should verify any important information contained in the MLS.

3 The Subdivision Disclosure Report (Public Report)

A Subdivision Disclosure Report (Public Report) is intended to point out material information about a subdivision. Subdividers (any person who offers for sale or lease six or more lots in a subdivision or who causes land to be divided into a subdivision) are required to give buyers a Public Report. Read the Public Report before signing any contract to purchase a property in a

subdivision. Although some of the information may become outdated, subsequent buyers can also benefit from reviewing the Public Report. Public Reports dating from January 1, 1997, are available on the Arizona Department of Real Estate (ADRE) website.

ADRE does not verify the information in the Public Report. Therefore, the Report could be inaccurate, so it should be verified by the buyer.

4 Seller's Property Disclosure Statement (SPDS)

Most sellers provide a SPDS. This document poses a variety of questions for the seller to answer about the property and its condition. The real estate broker is not responsible for verifying the accuracy of the items on the SPDS; therefore, a buyer should carefully review the SPDS and verify those statements of concern.

A seller's disclosure obligation remains even if the buyer and seller agree that no Seller's Property Disclosure Statement will be provided.

<https://bit.ly/3HDnA0u> (AAR Sample SPDS)

<http://www.azre.gov/PublicInfo/PropertyBuyerChecklist.aspx>
(ADRE Property Buyer's Checklist)

5 Covenants, Conditions and Restrictions (CC&Rs)

The CC&Rs are recorded against the property and generally empower a homeowner's association to control certain aspects of property use within the development. By purchasing a property in such a development, the buyer agrees to be bound by the CC&Rs. The association, the property owners as a whole, and individual property owner can enforce the CC&Rs. It is essential that the buyer review and agree to these restrictions prior to purchasing a property.

<http://www.azre.gov/PublicInfo/PropertyBuyerChecklist.aspx>
(ADRE Property Buyer's Checklist)

It is the law of this state that any covenants or restrictions that are based on race, religion, color, handicap status or national origin are invalid and unenforceable. A.R.S. 32-2107.01

<https://www.aaronline.com/arizona-deed-restrictions/>
(Arizona Deed Restrictions webpage)

ADRE ADVISES: "Read the deed restrictions, also called CC&Rs (covenants, conditions and restrictions). You might find some of the CC&Rs are very strict." Buyers should consult legal counsel if uncertain of the application of particular provisions in the CC&Rs.

6 Homeowners Association (HOA) Governing Documents

In addition to CC&Rs, HOAs may be governed by Articles of Incorporation, Bylaws, Rules and Regulations, and often architectural control standards. Read and understand these documents. Also, be aware that some HOAs impose fees that must be paid when the property is sold, so ask if the purchase of the property will result in any fees. Condominium and planned community HOAs are regulated by Arizona statutes. They are not under the jurisdiction of the Department of Real Estate (ADRE). Nonetheless, the Arizona's Homeowner's Association Dispute Process is administered by the ADRE.

7 HOA Disclosures

If purchasing a resale home in a condominium or planned community, the seller (if fewer than 50 units in the community) or the HOA (if there are 50 or more units) must provide the buyer with a disclosure containing a variety of information.

8 Community Facilities District

Community Facilities Districts (CFDs) are special taxing districts that use bonds for the purpose of financing construction, acquisition, operation and maintenance of public infrastructure that benefits the real property owners comprising the CFD members. Roadways, public sewer, utility infrastructure and public parks are examples of the types of public infrastructure paid for by CFDs. CFDs have a Governing Board that may be the City Council acting as the board or a stand-alone board. Any member of a CFD may request disclosures from this board. Questions to ask include: the amount still owed and how many more payments are left in order to pay off the CFD for the property. It is important that you review the Detailed Property Tax Statement which will show the current amount due to the CFD. CFDs are most commonly found on the property's detailed property tax statement from the County Tax Assessor. The local municipality or county can also be a source of CFD information.

9 Title Report or Title Commitment

The title report or commitment contains important information and is provided to the buyer by the title/escrow company or agent. This report or commitment lists documents that are exceptions to the title insurance (Schedule B Exceptions). Schedule B Exceptions may include encumbrances, easements, and liens against the property, some of which may affect the use of the property, such as a future addition or swimming pool. Make sure you receive and review all of the listed documents. Questions about the title commitment and Schedule B documents may be answered by the title or escrow officer, legal counsel, or a surveyor.

<https://bit.ly/34KkCaQ> (CFPB - What is title insurance?)

10 Loan Information and Documents

Unless a buyer is paying cash, the buyer must qualify for a loan in order to complete the purchase. A buyer should complete a loan application with a lender before making an offer on a property if at all possible and, if not, immediately after making an offer. It will be the buyer's responsibility to deposit any down payment and ensure that the buyer's lender deposits the remainder of the purchase price into escrow prior to the close of escrow date. Therefore, make sure you get all requested documentation to your lender as soon as possible.

11 Home Warranty Policy

A home warranty [policy] is a service contract that typically covers the repair and/or replacement costs of home appliances and major systems such as heating, cooling, plumbing, and possibly other components of a home that fail due to normal usage and age. Coverage varies depending on the policy. Be aware that pre-existing property conditions are generally not covered. A home warranty may be part of the sale of the home. If so, buyers should thoroughly read the home warranty contract to understand coverage, limitations, exclusions, and costs associated with the policy.

12 Affidavit of Disclosure

If the buyer is purchasing five or fewer parcels of land (whether improved or vacant), other than subdivided land, in an unincorporated area of a county, the seller must furnish the buyer with an Affidavit of Disclosure.

<https://bit.ly/2ZLwvdX>
 (AAR Sample Affidavit of Disclosure)

13 Lead-Based Paint Disclosure Form

If the home was built prior to 1978, the seller must provide the buyer with a lead-based paint disclosure form. Buyer is further advised to use certified contractors to perform renovation, repair or painting projects that disturb lead-based paint in residential properties built before 1978 and to follow specific work practices to prevent lead contamination.

<http://bit.ly/2O4pl4A> (AAR Sample Form)
<https://bit.ly/3uzq5Kb> (ADRE Lead Based Paint Information)

14 Professional Inspection Report

The importance of having a property inspected by a professional inspector cannot be over-emphasized. An inspection is visual physical examination, performed for a fee, designed to identify material defects in the property.

The inspector will generally provide the buyer with a report detailing information about the property's condition. The buyer should carefully review this report with the inspector and ask the inspector about any item of concern. Pay attention to the scope of the inspection and any portions of the property excluded from the inspection.

 (ASHI Home Buyer's Guide)

15 County Assessors/Tax Records

The county assessor's records contain a variety of valuable information, including the assessed value of the property for tax purposes and some of the physical aspects of the property, such as the reported square footage. The date-built information in the assessor's records can be either the actual or effective/weighted age if the residence has been remodeled. All information on the site should be verified for accuracy.

Section 2

COMMON PHYSICAL CONDITIONS IN THE PROPERTY A BUYER SHOULD INVESTIGATE

Because every buyer and every property are different, the physical property conditions requiring investigation will vary.

1 Repairs, Remodeling and New Construction

The seller may have made repairs or added a room to the property. The buyer should feel comfortable that the work was properly done or have an expert evaluate the work. Request copies of permits, invoices or other documentation regarding the work performed.

USE OF LICENSED CONTRACTORS

A contractor's license is required for work performed on a property unless the aggregate contract price, including labor and material, is less than \$1,000, the work performed is of a "casual or minor nature," and no building permit is required. An unlicensed property owner may also perform work themselves if the property is intended for occupancy solely by the owner. If, however, the property is listed or offered for sale or rent within one year of the completed work, it is considered prima facie evidence that the owner performed the work for purposes of sale or rent.

Owners of property who are acting as developers, who improve structures or appurtenances to structures on their property for the purpose of sale or rent, and who contract with a licensed general contractor must identify the licensed contractors' names and license numbers in all sales documents.

2 Square Footage

Square footage on the MLS printout or as listed by the county assessor's records is often only an estimate and generally should not be relied upon for the exact square footage. An appraiser or architect can measure the property's size to verify the square footage.

If the square footage is important, you should have it confirmed by one of these experts during the inspection period in a resale transaction and prior to executing a contract on a new home transaction.

<https://difi.az.gov/industry/RealEstateAppraisers> (Licensed Real Estate Appraisers)

3 Roof

If the roof is 10 years old or older, a roof inspection by a licensed roofing contractors highly recommended.

www.azroofing.org (Arizona Roofing Contractors Association)

<https://roc.az.gov/before-hire> (Before you Hire a Contractor)

4 Swimming Pools and Spas

If the property has a pool or a spa, the home inspector may Exclude the pool or spa from the general inspection so an inspection by a pool or spa company may be necessary.

<https://www.aaronline.com/2010/10/27/pool-barrier-law-contact-information/> (AAR-Pool Barrier Laws & Information)

[36-1681 - Pool enclosures; requirements; exceptions; enforcement \(azleg.gov\)](https://azleg.gov) (A.R.S. 36-1681 Swimming Pool Enclosures)

5 Septic and Other On-Site Wastewater Treatment Facilities

If the home is not connected to a public sewer, it is probably served by an on-site wastewater treatment facility (conventional septic or alternative system). A qualified inspector must inspect any such facility within six months prior to transfer of ownership. For information on current inspection and transfer of ownership requirements, contact the specific county environmental/health agency where the property is located or the Arizona Department Environmental Quality (ADEQ).

<https://azdeq.gov/OSWW-NOT> (ADEQ – AZ Statewide Inspection Program File a Notice of Transfer Online)

6 SEWER

Even if the listing or SPDS indicates that the property is connected to the city sewer, a plumber, home inspector, or other professional should verify it. Some counties and cities can perform this test as well.

7 Water/Well Issues

The property may receive water from a municipal system, a private water company, or a well. You should investigate the availability and quality of the water to the property, as well as the water provider. A list of Arizona's water companies is available at the Arizona Corporation Commission.

<https://www.azcc.gov/utilities/water>
(Arizona Corporation Commission- Utilities Water)
<https://new.azwater.gov/aaws/statutes-rules>
(Assured and Adequate Water Supply)

Adjudications: Arizona is undertaking several Stream Adjudications, which are court proceedings to determine the extent and priority of water rights in an entire river system.

For information regarding water uses and watersheds affected by these adjudications, and the forms upon sale of the property, visit the Department of Water Resources online.

<https://new.azwater.gov/adjudications>

CAGRDs: The Central Arizona Groundwater Replenishment District (CAGRD) functions to replenish groundwater used by its members, individual subdivisions and service areas of member water providers. Homeowners in a CAGRD pay an annual assessment fee which is collected through the county property tax process based the amount of ground water served to member homes.

www.cagrd.com
(Central Arizona Ground Water Replenishment District)

8 Soil Problems

The soil in some areas of Arizona has “clay-like” tendencies, sometimes referred to as “expansive soil.”

Other areas are subject to fissure, subsidence and other soil conditions. Properties built on such soils may experience significant movement causing a major problem.

If it has been disclosed that the property is subject to any such soil conditions or if the buyer has any concerns about the soil condition or observes evidence of cracking, the buyer should secure an independent assessment of the property and its structural integrity by a licensed, bonded, and insured professional engineer.

(State Certified Engineers & Firms)

9 Previous Fire/Flood

If it is disclosed there has been a fire or flood on the property, a qualified inspector should be hired to advise you regarding any possible future problems as a result of the fire or flood damage and/or any subsequent repairs. For example, if the property was not properly cleaned after a flood, mold issues may result. Your insurance agent may be able to assist you in obtaining information regarding fire, flood, or other past damage to the property.

10 Pests

Cockroaches, rattlesnakes, black widow spiders, scorpions, termites and other pests are common in parts of Arizona. Fortunately, most pests can be controlled with pesticides.

Scorpions: Scorpions, on the other hand, may be difficult to eliminate. If buyer has any concerns or if the SPDS indicates the seller has seen scorpions or other pests on the property, seek the advice of a pest control company.

Bed Bugs: Infestations are on the rise in Arizona and nationally.

Roof Rats: Roof Rats have been reported in some areas by Maricopa County Environmental Services.

Termites: Consumer Information is available from the Arizona Department of Agriculture.

Bark Beetles: Bark beetles have been reported in some forested areas.

11 Endangered & Threatened Species

Certain areas in the state may have issues related to federally listed endangered or threatened species that may affect land uses. Further information may be obtained on the U.S. Fish and Wildlife website or by contacting the appropriate planning/development service department.

[Arizona Ecological Services Field Office | U.S. Fish & Wildlife Service \(fws.gov\)](#)
(Arizona Ecological Services) (Arizona Endangered Species) _

12 Death and Felonies on the Properties

Arizona law states that sellers and real estate licensees have no liability for failure to disclose to a buyer that the property was ever the site of a natural death, suicide, murder or felony.

This information is often difficult to uncover; however, the local law enforcement agency may be able to identify incidents related to a property address.

<http://bit.ly/2lo53MZ> (A.R.S. § 32-2156)

13 Indoor Environmental Concerns

Attention has been given to the possible health effects of mold in homes, apartments and commercial buildings. Certain types of molds may cause health problems in some people while triggering only common allergic responses in others.

Mold is often not detectable by a visual inspection. To determine if the premises you are purchasing, or leasing contains mold or airborne health hazards, you may retain an environmental expert to perform an indoor air quality test. This is particularly important if any of the inspection reports or disclosure documents indicate the existence of past or present moisture, standing water, visible water stains, or water intrusion in the Premises.

The Arizona Department of Health Services, Office of Environmental Health, states:

"If you can see mold, or if there is an earthy or musty odor, you can assume you have a mold problem."

Imported Drywall: There have been reports of problematic drywall, produced in China, used in Arizona homes. Residents in homes with problem drywall report health issues such as respiratory irritation, and other problems such as copper corrosion and sulfur odors. Visit the Consumer Product Safety Commission website for more information.

Radon Gas and Carbon Monoxide: Radon gas and carbon monoxide poisoning are two of the more common and potentially serious indoor air quality (IAQ) concerns. Both of these concerns can be addressed by the home inspector, usually for an additional fee. For information on radon levels in the state, visit Arizona Radiation Regulatory Agency online.

Drug labs: Residual contamination arising from the illicit manufacture of methamphetamine and other drugs carried out in clandestine drug laboratories presents a serious risk of harm to human and environmental health.

Other: For information on other indoor environmental concerns, the EPA has a host of resource materials and pamphlets online.

14 Property Boundaries

If the property boundaries are of concern, a survey may be warranted. For example, a survey may be advisable if there is an obvious use of property by others, i.e., a well-worn path across a property and/or parked cars on the property or fences or structures of adjacent property owners that appear to be built on the property. For more information, visit the Arizona Professional Land Surveyors online. A search for surveyors may be found online at the Board of Technical Registration.

https://www.azpls.org/secure/find_surveyor.asp
(AZ BTR Land Surveyors)

15 Flood Insurance/Flood Plain Status

Your mortgage lender may require you to purchase flood insurance in connection with your purchase of the property. The National Flood Insurance Program provides for the availability of flood insurance and established flood insurance policy premiums based on the risk of flooding in the area where properties are located. Changes to the federal law (The Biggert-Waters Flood Insurance Reform Act of 2012 and the Homeowner Flood Insurance Affordability Act of 2014, in particular) will result in changes to flood insurance premiums that are likely to be higher, and in the future, may be substantially higher, than premiums paid for flood insurance prior to or at the time of sale of the property. As a result, purchasers of property should not rely on the premiums paid for flood insurance on the property previously as an indication of the premiums that will apply after completion of the purchase. In considering purchase of the property, you should consult with one or more carriers of flood insurance for a better understanding of flood insurance coverage, current and anticipated future flood insurance premiums, whether the prior owner's policy may be assumed by a subsequent purchase of the property, and other matters related to the purchase of flood insurance for the property. If community floodplain information is not available for a specific property, and in order to obtain flood insurance, it may be necessary to have an elevation survey and obtain an elevation certificate. This is necessary to determine a properties insurability and premium rate. You may also wish to contact the Federal Emergency Management Agency (FEMA) for

more information about flood insurance as it relates to the property.

16 Insurance (Claims History)

Many factors affect the availability and cost of homeowner's insurance. Property owners may request a five-year claims history from their insurance company, an insurance support organization or consumer reporting agency.

Environmental Concerns

It is often very difficult to identify environmental hazards. The Arizona Department of Environmental Quality (ADEQ) website contains environmental information regarding the locations of open and closed landfills (Solid Waste Facilities), wildfire information, as well as air and water quality

information, as well as air and water quality information (and more).

6 Sex Offenders

Since June 1996, Arizona has maintained a registry and community notification program for convicted sex offenders. Prior to June 1996, registration was not required, and only the higher-risk sex offenders are on the website. 7 Forested Areas

Life in a forested area has unique benefits and concerns. As with other natural disasters that affect the United States in any given year including flooding, tornados, hurricanes and earthquakes, having information regarding wildfire risk will be crucial for Buyers here in the Southwest. To get the most up to date information on the community you are seeking to purchase in, search by city name, zip code and/or contact county/city fire authority for more information on issues particular to a community.

8 Military and Public Airports

The legislature has mandated the identification of areas in the immediate vicinity of military and public airports that are susceptible to a certain level of noise from aircraft. The boundaries of these areas have been plotted on maps that are useful in determining if a property falls within one of these areas. The maps for military and public airports may be accessed on the Arizona Department of Real Estate (ADRE) website. Additionally, the boundaries of military and public airports in Maricopa County may be viewed on the county website. These maps are intended to show the area subject to a preponderance of airport-related noise from a given airport. Periodic over-flights that may contribute to noise cannot usually be determined from these maps.

Vacant land or lots may be for sale within areas of high noise or accident potential zones. Because the zoning of these lots may conflict with the buyer's ability to develop the property, the buyer should verify whether development is prohibited. Zoning regulations for these areas, may be found at A.R.S. §28-8481.

OTHER METHODS OF GETTING INFORMATION ABOUT A PROPERTY

Drive Around the Neighborhood

Buyers should always drive around the neighborhood, preferably on different days at several different times of the day and evening, to investigate the surrounding area.

Talk to the Neighbors

Neighbors can provide a wealth of information. Buyer should always talk to the surrounding residents about the neighborhood and the history of the property the buyer is considering for purchase.

Investigate Your Surroundings

Google Earth is an additional method to investigate the surrounding area: [Google Earth](https://www.google.com/earth/)

Market Conditions Advisory

The real estate market is cyclical and real estate values go up and down. The financial market also changes, affecting the terms on which a lender will agree to loan money on real property. It is impossible to accurately predict what the real estate or financial market conditions will be at any given time.

The ultimate decision on the price a buyer is willing to pay and the price a seller is willing to accept for a specific property rest solely with the individual buyer or seller. The parties to a real estate transaction must decide on what price and terms they are willing to buy or sell considering market conditions, their own financial resources and their own unique circumstances.

The parties must, upon careful deliberation, decide how much risk they are willing to assume in a transaction. Any waiver of contingencies, rights or warranties in the Contract may have adverse consequences. Buyer and seller acknowledge that they understand these risks.

Buyer and Seller assume all responsibility should the return on investment, tax consequences, credit effects, or financing terms not meet their expectations. The parties understand and agree that the Broker(s) do not provide advice on property as an investment. Broker(s) are not qualified to provide financial, legal, or tax advice regarding a real estate transaction. Therefore, Broker(s) makes no representation regarding the above items. Buyer and seller are advised to obtain professional tax and legal advice regarding the advisability of entering into this transaction.

Fair Housing and Disability Laws

It is illegal under the Fair Housing Act and Arizona Fair Housing laws for a property owner/seller, landlord, property manager or real estate professional to discriminate in the sale, rental, and financing of housing and in other housing-related activities against another person based on certain protected characteristics.

The National Association of REALTORS® Code of Ethics also prohibits discrimination or aiding in discrimination. It is unlawful to discriminate on the basis of race, color, national origin, religion, sex (including gender identity and sexual orientation), familial status, and disability.

- 6l. 298. **Walkthrough(s):** Seller grants Buyer and Buyer's inspector(s) reasonable access to conduct walkthrough(s) of the Premises for
299. the purpose of satisfying Buyer that any corrections or repairs agreed to by Seller have been completed, and the Premises are
300. in substantially the same condition as of the date of Contract acceptance. If Buyer does not conduct such walkthrough(s), Buyer
301. releases Seller and Broker(s) from liability for any defects that could have been discovered.

- 6m. 302. **Seller's Responsibility Regarding Inspections and Walkthrough(s):** Seller shall make the Premises available for all inspections
303. and walkthrough(s) upon reasonable notice by Buyer. Seller shall, at Seller's expense, have all utilities on, including any propane,
304. until COE to enable Buyer to conduct these inspections and walkthrough(s).

- 6n. 305. **IRS and FIRPTA Reporting:** The Foreign Investment in Real Property Tax Act ("FIRPTA") provides that, if a seller is a Foreign
306. Person, a buyer of residential real property must withhold federal income taxes up to 15% of the purchase price, unless an exception

7. REMEDIES

- 7a. 310. **Cure Period:** A party shall have an opportunity to cure a potential breach of this Contract. If a party fails to comply with any
311. provision of this Contract, the other party shall deliver a notice to the non-complying party specifying the non-compliance. If the
312. non-compliance is not cured within three (3) days after delivery of such notice ("Cure Period"), the failure to comply shall become a
313. breach of Contract. If Escrow Company or recorder's office is closed on the last day of the Cure Period, and COE must occur
314. to cure a potential breach, COE shall occur on the next day that both are open for business.

- 7b. 315. **Breach:** In the event of a breach of Contract, the non-breaching party may cancel this Contract and/or proceed against the
316. breaching party in any claim or remedy that the non-breaching party may have in law or equity, subject to the Alternative Dispute
317. Resolution obligations set forth herein. In the case of Seller, because it would be difficult to fix actual damages in the event of
318. Buyer's breach, the Earnest Money may be deemed a reasonable estimate of damages and Seller may, at Seller's option, accept
319. the Earnest Money as Seller's sole right to damages; and in the event of Buyer's breach arising from Buyer's failure to deliver the
320. notice required by Section 2b, or Buyer's inability to obtain loan approval due to the waiver of the appraisal contingency pursuant
321. to Section 2l, Seller shall exercise this option and accept the Earnest Money as Seller's sole right to damages. An unfulfilled
322. contingency is not a breach of Contract. The parties expressly agree that the failure of any party to comply with the terms and
323. conditions of Section 1d to allow COE to occur on the COE Date, if not cured after a cure notice is delivered pursuant to Section 7a,
324. will constitute a material breach of this Contract, rendering the Contract subject to cancellation.

- 7c. 325. **Alternative Dispute Resolution ("ADR"):** Buyer and Seller agree to mediate any dispute or claim arising out of or relating to this
326. Contract in accordance with the REALTORS® Dispute Resolution System, or as otherwise agreed. All mediation costs shall be paid
327. equally by the parties. In the event that mediation does not resolve all disputes or claims, the unresolved disputes or claims shall
328. be submitted for binding arbitration. In such event, the parties shall agree upon an arbitrator and cooperate in the scheduling of
329. an arbitration hearing. If the parties are unable to agree on an arbitrator, the dispute shall be submitted to the American Arbitration
330. Association ("AAA") in accordance with the AAA Arbitration Rules for the Real Estate Industry. The decision of the arbitrator shall be
331. final and nonappealable. Judgment on the award rendered by the arbitrator may be entered in any court of competent jurisdiction.
332. Notwithstanding the foregoing, either party may opt out of binding arbitration within thirty (30) days after the conclusion of the
333. mediation conference by notice to the other and, in such event, either party shall have the right to resort to court action.

- 7d. 334. **Exclusions from ADR:** The following matters are excluded from the requirement for ADR hereunder: (i) any action brought in the
335. Small Claims Division of an Arizona Justice Court (up to \$3,500) so long as the matter is not thereafter transferred or removed from
336. the small claims division; (ii) judicial or nonjudicial foreclosure or other action or proceeding to enforce a deed of trust, mortgage, or
337. agreement for sale; (iii) an unlawful entry or detainer action; (iv) the filing or enforcement of a mechanic's lien; or (v) any matter that
338. is within the jurisdiction of a probate court. Further, the filing of a judicial action to enable the recording of a notice of pending action
339. ("lis pendens"), or order of attachment, receivership, injunction, or other provisional remedies shall not constitute a waiver of the
340. obligation to submit the claim to ADR, nor shall such action constitute a breach of the duty to mediate or arbitrate.

- 7e. 341. **Attorney Fees and Costs:** The prevailing party in any dispute or claim between Buyer and Seller arising out of or relating to this
342. Contract shall be awarded their reasonable attorney fees and costs. Costs shall include, without limitation, attorney fees, expert
343. witness fees, fees paid to investigators, and arbitration costs.
